

# Race-Light Rechargeable Battery Mount Attachment

PART NUMBERS: 00-67000-RL

## INSTALLATION INSTRUCTIONS

The Nitrous Outlet Rechargeable Battery Mount Attachment is designed to provide a light weight and easy option for attaching the Rechargeable Battery Mount to the Race-Light Bottle Bracket. If you need any assistance during installation or if you have questions about this mounting bracket, call our Tech Help Line at (254) 848-4300.

### Tools Needed for Assembly:

- 3/16" Allen Wrench
- Loctite

### Installation Tip:

Red Loctite is recommended on all threaded fasteners.

### Step 1:

Using the supplied 5/16-18 x 1/2" button head cap screws and a 3/16" Allen wrench, install the Rechargeable Battery Mount on the Race-Light Attachment Bracket.

### Step 2:

Using a 3/16" Allen wrench, remove the top and bottom screws from the short, front bar on your Race-Light Bottle Bracket.

**IMPORTANT:** All appropriate safety equipment (gloves, tools etc.) must be used during the installation of this product(s).

Nitro Dave's LLC accepts NO responsibility for injuries or damages resulting during and/or from the installation of any product(s). Nitrous oxide is for off-road use only.
