Reliable **Affordable** **Efficient**

Sushi machines can work with non-making sushi experienced workers or also can work with experienced sushi chefs. They are really great partners for restaurant business.

Annual Comparison of the 1st year from the purchase of ASM860A:
When producing 300rolls per day

****This is a sample structure to minimize the labor cost.**

Great Result with **AUTEC** Sushi machines!!!

- 1 Anyone can produce perfect maki rolls **without any experience.**
- 2 You will be able to stabilize your **product quality.**
- 3 You do not have to look for experienced sushi chefs. You will be able to **hire anyone.**
- 4 Even if you have a sushi chef, it makes the sushi chef's work **efficient and faster.**

Let's Profit Today from the Food Trend of the Future!!

Let AUTEC show you how anyone can make fresh sushi with our latest technology.
