

**Popular at Japan's number one fish market, Tsukiji.**

# まぐロール®

~ Magu roll ~

Sheet Size: 230mm×230mm×170cuts  
Perforated every 230mm for easy use.  
Case Size: 700mm×480mm×250mm.

This is our "Magu roll" product that is popular at Tsukiji Fish Market. It is used to wrap up tuna after the tuna has been cut into blocks. Maguroll is also commonly used to absorb dripping that occurs with sashimi rolls and is used as a paper mat for tempura. A wide array of sushi shops and restaurants use Maguroll.

## Product features

### Safety

**Natural fiber 100%, Made in Japan**

Contains no harmful or toxic substances. It's hygienic and leaves no paper residue.
