Trust us to represent you!

We're sammysoap, St. Louis's award winning soap company. We began handcrafting the highest quality cold processed soaps in 2014 and continue the commitment today as the only locally owned independent mission driven soap factory in Missouri. sammysoap is a job creation machine for adults with intellectual and developmental disabilities *disguised* as the world's best soap company. Our 100% all natural vegan soaps for face and body are made of Earth's most indulgent ingredients. No artificial anything. We exist in support of human health, a clean planet, and wage equality.

EXPLORE THE WORLD

Let Nature be your Guide

Understanding sammysoap's commitment to 100% All Natural

Our artisan soaps are crafted by hand in Kirkwood, MO using pure, clean plant ingredients from around the world—leaves, roots, seeds and oils. 100% vegan. Our ingredients are not modified versions of plants. Our ingredients *are* plants. No ingredient is manipulated or adulterated. Many of our soaps are versions of traditional global recipes and ingredient combinations that have stood the test of time. These plants were medicine before modern pharmacology and they retain their medicinal values today. Some formulas are hundreds of years old. Other soaps have been formulated based on a sense of place because ingredients combine well based on native plant preferences and geography. Using 100% all natural soap is in harmony with body, soul and planet. Once you feel the difference, you'll understand our commitment to 100% all natural products. One hundred percenters never go back.
