

NATURAL SPA & HOT TUB SALT

DESCRIPTION

This premium natural spa salt is high purity, odorless, fine white crystal, produced by an exclusive and patented process of salting out. Harvested from some of the cleanest and purest ocean waters, this pure salt does not contain any additives. It's natural crystal structure allows for a quick and easy dissolve and can be used in salt water sanitizing systems and chlorine generators. No Additives, Free Flowing or Anti-Caking Elements have been added. Free of allergens and exhibits virtually no microbiological activity.

PACKAGING AND STORAGE

Available in a variety of packaging size and formats including 40 lb bag box and 5 LB stand up polypropylene bag. Also available in bulk 'big bag' tote. Ideal storage is a cool, dry area, free of drafts, where humidity remains below 75% to minimize caking. Some caking/clumping may occur over time as no free flowing additives/agents are present.
