

# Harvester Greenhouse

# Solexx™

## Harvester includes:

- Twin-wall Solexx™ panels.
- Heavy-duty composite frame: Rust, corrosion and mildew free.
- One double-tiered and one single-tiered bench frame: Full-length. 29" deep. Holds 500 lbs. each.
- Two full-length hanging rods: Holds 200 lbs. each.
- Sturdy built-in base: Requires no foundation.
- Large Easy-Flow Louver air vent: *(Optional automatic solar-powered louver opener).*
- Lockable door.
- Easy-to-assemble steel fittings.
- 10-year limited warranty.

## **Perfect Next to a Fence or Building**

The perfect choice when you want a greenhouse to hug a house wall, garage, deck or fence; anywhere convenient for you. It even works as a stand alone! No need to attach it to your house, it's completely enclosed for maximum strength, insulation and solar heat collection.

## Model/Size Specifications:

G-408 8'W x 8'L x 8'H  
G-412 8'W x 12'L x 8'H  
G-416 8'W x 16'L x 8'H  
G-424 8'W x 24'L x 8'H  
G-408x 8'W x 8'L x 8'H Extention

## **Most Economical to Heat**

Independent tests prove Solexx provides better insulation than even 8mm triple-wall polycarbonate. Plants thrive while you save on energy costs.

## **The Best Light for Plants**

Solexx diffuses light evenly throughout the greenhouse eliminating hot spots and shadows. This additional light exposure increases the plant's photosynthesis, creating more energy and more robust, healthy growth.

## **Extremely Durable**

Solexx offers a 10-year warranty with an even longer life expectancy. It withstands snow, wind, and hail and won't fade or yellow over time. Best of all it requires little maintenance.

## **Cutting-Edge Framing**

Solexx frames offer the strength of steel without rust and corrosion. This pultruded, composite material was created to replace steel-beam construction in bridges! The white, reflective color won't cast shadows, which contributes to the superior light quality.

## **Greenhouse Bench Frames and Hanging Rods Included**

Each roomy, full-length frame holds up to 500 lbs, so you can pack your greenhouse with plants. Steel-reinforced hanging rods run the length of the greenhouse giving you the perfect spot to overwinter your hanging baskets (optional wire shelving available).
