- Sturdy built-in base: Requires no foundation.
- Large Easy-Flow Louver air vent: (Optional automatic solar-powered louver opener).
- Lockable door.
- Easy-to-assemble steel fittings.
- 10-year limited warranty.

Our Most Popular Greenhouse

Gardeners love this greenhouse for its spaciousness and roomy 8 foot height! It comes standard with two, double-tiered, built-in bench frames and two full-length hanging rods—plenty of room for both potted and hanging plants. The large easy flow louver is essential for healthy air circulation.

Model/Size Specifications:

G-208 8'W x 8'L x 8'H
G-212 8'W x 12'L x 8'H
G-216 8'W x 16'L x 8'H
G-224 8'W x 24'L x 8'H
G-208x 8'W x 8'L x 8'H Extension

Most Economical to Heat

Independent tests prove Solexx provides better insulation than even 8mm triple-wall polycarbonate. Plants thrive while you save on energy costs.

The Best Light for Plants

Solexx diffuses light evenly throughout the greenhouse eliminating hot spots and shadows. This additional light exposure increases the plant's photosynthesis, creating more energy and more robust, healthy growth.

Extremely Durable

Solexx offers a 10-year warranty with an even longer life expectancy. It withstands snow, wind, and hail and won't fade or yellow over time. Best of all it requires little maintenance.

Cutting-Edge Framing

Solexx frames offer the strength of steel without rust and corrosion. This pultruded, composite material was created to replace steel-beam construction in bridges! The white, reflective color won't cast shadows, which contributes to the superior light quality.

Greenhouse Bench Frames and Hanging Rods Included

Each roomy, full-length frame holds up to 500 lbs, so you can pack your greenhouse with plants. Steel-reinforced hanging rods run the length of the greenhouse giving you the perfect spot to overwinter your hanging baskets (optional wire shelving available).
