

- 4-IN-1 Meter
1. Temperature.
 2. Humidity.
 3. Wet Bulb.
 4. Dew Point.

1. General Specifications

This small, multifunctional device enables precise measurement of humidity, as well as air temperature, dew point and wet thermometer. Practical functions, the ability to change the unit and the backlit display make it easy and pleasant to use. Small and handy-will prove useful in many applications. HT62 meter is powered by 2 AAA 1.5V batteries, which must be purchased separately. It switches off automatically after 30 min. of inactivity.

2. Features

1. 4-in-1 meter: accurately measure temperature, humidity, wet bulb and dew point.
2. Application : can be used in home, apartment, greenhouse, aquaculture, terrarium, etc.
3. Practical functions : displays celsius, fahrenheit, max. Value, and min. Value.
4. Easy to read: green backlight ensures clear visibility even in the dim light.
5. Easy to use: without complicated instructions, extremely simple to use.
6. Auto power off: auto power off after about 30 minutes if there is no operations, save the power.

3. Technical Specifications

Ambient Temperature Range	-20°C-60°C	(±0.5°C)
Ambient Humidity Range	0%-100%	(±3.0%)
Wet bulb Temperature Range	-20°C-60°C	(±0.5°C)
Dew Point Temperature Range	-50°C-60°C	(±0.5°C)
Display	LCD	
Max / Min	Yes	
Auto Power off	Yes	
Low Battery Indicator	Yes	
Material	ABS	
Power Supply	2 x AAA 1.5V batteries	
Dimensions	180 x 32 x 31 mm	
Weight	80g
