Dimplex is the feeling you get when you hit the snooze button and stay under the covers a few minutes longer. It's the comfort found in the moments that matter, like when the kids are down and your feet go up. Our products are the gathering place and focal point that rooms are built around. So whether it's a living room or hotel lobby, bathroom retreat or spa, we can help you design the right comfort solution to create those perfect moments.

We are leaders in design and innovation, continually challenging the status quo on a global scale to create products for the discriminating buyer. Our dozens of patented technologies translate to fireplaces that dazzle the senses and heaters that make spaces more efficient and comfortable no matter what the need.

Whether a residential or commercial space, we design fireplaces that make a style statement. You will appreciate the energy efficiency and treading a little lighter with your eco-footprint, but at the end of the day it's the deep breath that comes naturally when you relax in front of a fireplace.

IgniteXL®

IgniteXL® is our premium linear electric fireplace. Incredibly lifelike and visually stunning, IgniteXL transforms the look and feel of any room. Patented flame and heat technology, a simple, flexible installation, and flawless panoramic views - ignite the senses from any angle!

IgniteXL®

Proudly Australian, Nectre wood-fired ovens are designed and manufactured with more than 40 years of knowledge and expertise in the wood heating business. We take pride in the quality and integrity of our products and continue to find new production techniques to produce the best technology and design.

At Nectre, we develop the next generation of efficient, low emission wood heaters. We keep steadily improving our stove designs as well as production techniques with steel - now laser cut and manufactured with state-of-the-art robotic welding technology. The result is products that are built to perform at the highest standards, yet ultimately meet the most important criteria: providing people with warmth and home comfort.
