# Ascent BX

Completing the line logic of the Ascent family, comes the new Ascent™ BX. An upgrade from the Ascent B series fireplace, the BX offers premium options of ceramic glass, a remote, blower and lights in the same footprint. Framing width and depth stays the same, making it an easy transition to upgrade a discerning customer looking for more bells and whistles. Available in 36" and 42" widths the Ascent™ BX offers the same versatility of designer options as the rest of the Ascent™ family – from brick panels to trims and fronts. The added benefit of an optional heat management system means the fireplace is truly designed for sensitive items like TV's and artwork. Ensuring that Napoleon's Ascent™ BX really is the heart of any home.
