IV. Precautions

1. This device is equipped with removable built-in battery. Do not replace the battery by yourself to avoid damaging the battery or the parts of the movement.
2. Strong static charge interference can make the display screen not display properly and even damage the watch parts inside.
3. It should not be worn when taking a bath or swimming.
4. Do not expose the Watch to a place with high moisture or extremely high or low temperature for a long time.
5. If you need to clean the watch or strap, use a soft dry cloth to wipe with water or a neutral detergent, never use volatile chemicals.
6. The paint on this watch may fade due to strong pressure, collision, abrasion, friction, and so on.
7. When not using this watch, please place it in a dry place.
8. The company reserves the right to modify the contents of this manual without prior notice.
