

Surface and anti-corrosion coating

Corro-Protection

Corrosion protection of metal parts for indoor storages

WEICON Corro-Protection is a transparent protective film approved by the German TÜV. It permanently preserves tools and precision components with a dry and waxy layer.

WEICON Corro Protection can be used as safe corrosion protection for bare, unpainted metal parts, for the indoor storage of work-pieces, as corrosion protection during overseas transport and for the conservation of tools and precision components.

The protective layer can be removed easily (e.g. with WEICON Cleaner S).

Processing

Clean and degrease surfaces with WEICON Cleaner Spray S. Apply WEICON Corro-Protection (Spray). After approx. 3 - 4 h, the layer is fully cured at room temperature. To increase the corrosion protection, several layers can be applied. The protective layer can be removed with WEICON Cleaner Spray S.

Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes

- 10000157 Corro-Protection, 400 ml, white, milky
- 10053034 Corro-Protection, 400 ml, magenta

Technical data

Odour	solvent
Specific properties	based on wax
Silicone-free	yes
Consumption	per 1.5 crosswise application ~ 2 m ²
Temperature resistance	-20 °C to +80 °C
Shelf life	24 mon.

Approvals / Guidelines

ISSA Code	53.402.08
IMPA Code	450815

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
