

Contact Spray

dispels moisture
prevents leakage current

WEICON Contact Spray is based on a special combination of active ingredients for the protection and care of electrical contacts and components.

It dispels moisture from electrical contacts, prevents leakage currents and voltage loss and keeps contacts, fuses, cable connections, etc. free of oxidation and sulphide layers.

Therefore WEICON Contact Spray is applied to, for example, Fuse boxes, intercoms, garage door motors, sockets, cables and connectors, cable drums and extensions, electric garden tools and lighting systems.

Technical Data

Odour	solvent
Features	dispels moisture, protects electrical contacts
Storage stability	24 months
Colour	transparent
Temperature resistance	-17 to +120 °C
ISSA-Code	53.402.28

Processing

Only for cleaning switched-off and cooled-off appliances (pull out mains plug). Shake can thoroughly before use. Do not use on energized equipment. Apply a thorough coating at a distance of approx. 5 cm and allow to soak in for approx. 30 seconds. Absorb excess substance with a non-fluffy cloth.

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
