

# Leak Detection Spray frost-proof

**Available sizes:**

11654400

Leak Detection Spray frost-proof 400 ml

## For detecting leaks on pressurized pipes Frost-proof up to -15°C

The safe, easy and quick way to find leaks or porous spots on gas pipes. Leak Detection Spray frost-proof does not form any harmful compounds with these gases: carbon dioxide (CO<sub>2</sub>), propane, butane, acetylene, oxygen, coal and natural gas, nitrogen, dinitrogen monoxide (N<sub>2</sub>O) and CFC and is non-flammable.

Leak Detection Spray frost-proof is suitable wherever compressed air or gaseous substances are being used. For example, on pipes, hoses, fittings, screw connections, valves and adapters.

### Technical Data

Odour	almost odourless
Features	DVGW-approval; frost-proof
Shelf life	24 months
Colour	colourless
Temperature resistance	-15 to +40 °C

### Processing

Spray on area to be tested. Bubbles will form if there is a leakage. Due to its high sensitivity even smallest leakages can be detected.

### Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

### Safety and health

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets ([www.weicon.com](http://www.weicon.com)) must be observed.

### Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
