Hello, there!

This is a message from Karel and Jarka of **TAMPOPO foods**.
We are proud to announce the opening of our TAMPOPO *foods* webshop and pick-up location.

From now onwards you can shop with us!

By the way, TAMPOPO *foods* is more than just an online shop. For us it's the **tool to contribute to a peaceful, honest society**, promoting preventive care, self-responsibility, and respect for both nature and mankind.

There is a list of our **complementary activities** that we provide ourselves or in partnership with our friends:

- . ideal food pattern and natural life style coaching
- . cooking classes, workshops and presentations
- . private ginger compresses and shiatsu massage sessions
- . study retreats, weekends and holidays

We are happy and incredibly **grateful** to so many dear friends and families, who have helped us to create our TAMPOPO *foods* journey and realization. We truly appreciate all your continuous support!

We are very excited to present our **product and order list** to you.

For our TAMPOPO *foods* online shop, we have **carefully selected** the best quality **plant-based** traditional products and natural ingredients for yummy healthy cooking. Simply, all that keeps your belly happy, makes you a kitchen queen or king, and moreover, boosts **your immune system**. And all of those things at the same time!

Our web shop carries **essential staple foods**: grains, beans, noodles, seasonings, seeds, dried specialties, natural sweeteners, amazake, pickles, and homemade seitan a.o. The "DIY **fermentation** geeks" will be happy to see their natto, tempeh, tofu, miso, and nuka starters!

And... We are enthusiastic and thankful to be able to bring you the classic **Deshima line**; the unique selection of authentic artisanal Japanese premium quality foods and seasonings, such as Yamaki miso and shoyu, mirin, tamari, kudzu, umeboshi, kukicha tea, dashi, soba, condiments, sea vegetables, and many many more...

What's new?

Check, e.g. the adzuki, black beans & enriched rice mixes. Look at the Home Remedies and the Plant Protein-rich sections. And also discover the taste of our new miso, amazake, and sugar-free ketchup (hmm, are you a pasta or sandwich lover?).

Let's begin the TAMPOPO *foods* adventure together...

Browse through the next pages. You will find there the ordering details, quality of the products, their prices, volume discounts, and shipment options. In the Q&A we answer your 5+ most burning questions, including where you can pick up your goods!

So, order with us, cook, enjoy, share, and let us know.
We love to hear from you!

Wishing you **Happy, Healthy and Cheerful** day!
