

Rental Price List

No hidden fees. Free delivery over £150.

Hands-on demo in store

For rental enquiries please email sales@theflashcentre.com or
call London **0207 8375649**, Birmingham **0121 327 9220** or Leeds **0113 247 0037**

What Makes Us Special?

The Flash Centre has over thirty years of experience as the UK's leading Photography Lighting specialist. At The Flash Centre, we strive to provide exemplary customer service, whilst maintaining the most competitive prices around. Customer satisfaction, whether it be on service, price or technical know-how is our absolute number one priority.

No Hidden Fees

At TFC we don't believe in hidden fees. All our rental prices are quoted ex. VAT and are not subject to an additional insurance fee. All our cameras come equipped with two batteries and a memory card, and all our lighting kits have everything you need to get shooting straight out of the box. If you're having your goods shipped and collected, we will always pre-agree your transit pricing to ensure you know exactly what you're paying in advance.

No Transit Day Charges

Unlike some rental companies, we believe that you should only have to pay for the time you have the rental goods! For this reason, we don't include any transit time in your rental rate. Furthermore, we will always aim to deliver your rental the day before your rental starts, and we won't charge you for this day. This allows you to try out your kit, check it over thoroughly, and ask us any questions before you've even started paying for it!

Special Weekend and Week Rates

To enable you to make get the best value from your rental, we provide some special weekend rates. 1. Friday AM to Monday before 10 AM is charged at just 1 day 2. Thursday PM to Monday before 10 AM is charged at 1.5 days 3. Friday PM to Tuesday before 10 AM is charged at 1.5 days We also offer a very special week rate which enables you to hire for up to 7 days, and only pay for 3.5 days. Alternatively, you can rent for up to 28 days and only pay for 10! Please see our rental period breakdown chart for more info.

Free Delivery on Rentals Over £150

Spending £150 (inc. VAT) or more on your rental? Well in that case we think you're entitled to free delivery. Please note we will cover the carrier charges for the delivery to a mainland UK address only (excluding Scottish Highlands). A collection fee will still be chargeable if applicable.

20% Student Discount & No Deposit to Pay

It wasn't so long ago that we were students ourselves... Well, that's not entirely true, but we do remember what it was like trying to make ends meet with those paltry student loans! To help our student customers we've created a special student "Pay In Advance Hire Without Deposit" account. This gives you a 20% Student discount off our rental prices and exempts you from leaving a deposit for any rental with a total deposit value of £1000 or lower. Give us a call to find out more info.

Same Day Delivery Service for Local Customers

If you're based in London, Leeds or Birmingham, chances are you're eligible for our same day service. So if you've got a last-minute job, or need a solution in an emergency, TFC is here to save the day!

The UK's Leading Lighting Experts

Our expert team are enthusiastic and have years of experience in all aspects of photography, videography and lighting. If we don't know the answer to your question already, we will always endeavour to find out for you.

Huge Range of Rental Kit

TFC has the widest range of Lighting rental kit possibly anywhere in the world, but it doesn't end there. We also offer a large selection of camera's, lenses, medium format, video, sound and a range of accessories for all. If there's something you want to rent, that we don't already offer we're always willing to consider additional items for our rental stock and often put items in at the special request of our customers. Alternatively, if we have a demonstration unit of the item required, we may make special arrangements to rent this item to you.

Unrivalled Technical Support

Renting something for the first time? Having trouble getting to grips with a product feature? We are always happy to provide demonstration and hands-on training of our gear in-store prior to rental. Once the gear is in your hands, we're also happy to provide unlimited technical support (as long as we're open) over the phone to help you overcome any technical issues on location.

Try Before You Buy Facility

Thinking of purchasing something but want to try it out first? Why not use our rental service to ensure you're getting the right product for you, without breaking the bank first. A huge range of our rental products are included in our unique 'Try Before You Buy' discount. To qualify for this discount, all you have to do is purchase the item within 30 days of your rental, and we'll give you half of your rental fees off the purchase price of your new item.

Rented the item more than once? No problem, we consider your previous 1 month's rentals when we calculate the discount. That should give you plenty of time to decide if the kit is right for you.

Our Try Before You Buy special can also be used in conjunction with any of our special weekend rates, and any other offers including 'Rental Deal of the Month'! Finally, at TFC we are always looking for ways to let you try out new gear at the best possible price. For this reason, we regularly do specials on a wide range of products. Whether it be a limited period 'Rental Deal of the Month', or a something more permanent, we always try to apply our specials to our most popular products.
