Social skills

You will need:

Scissors

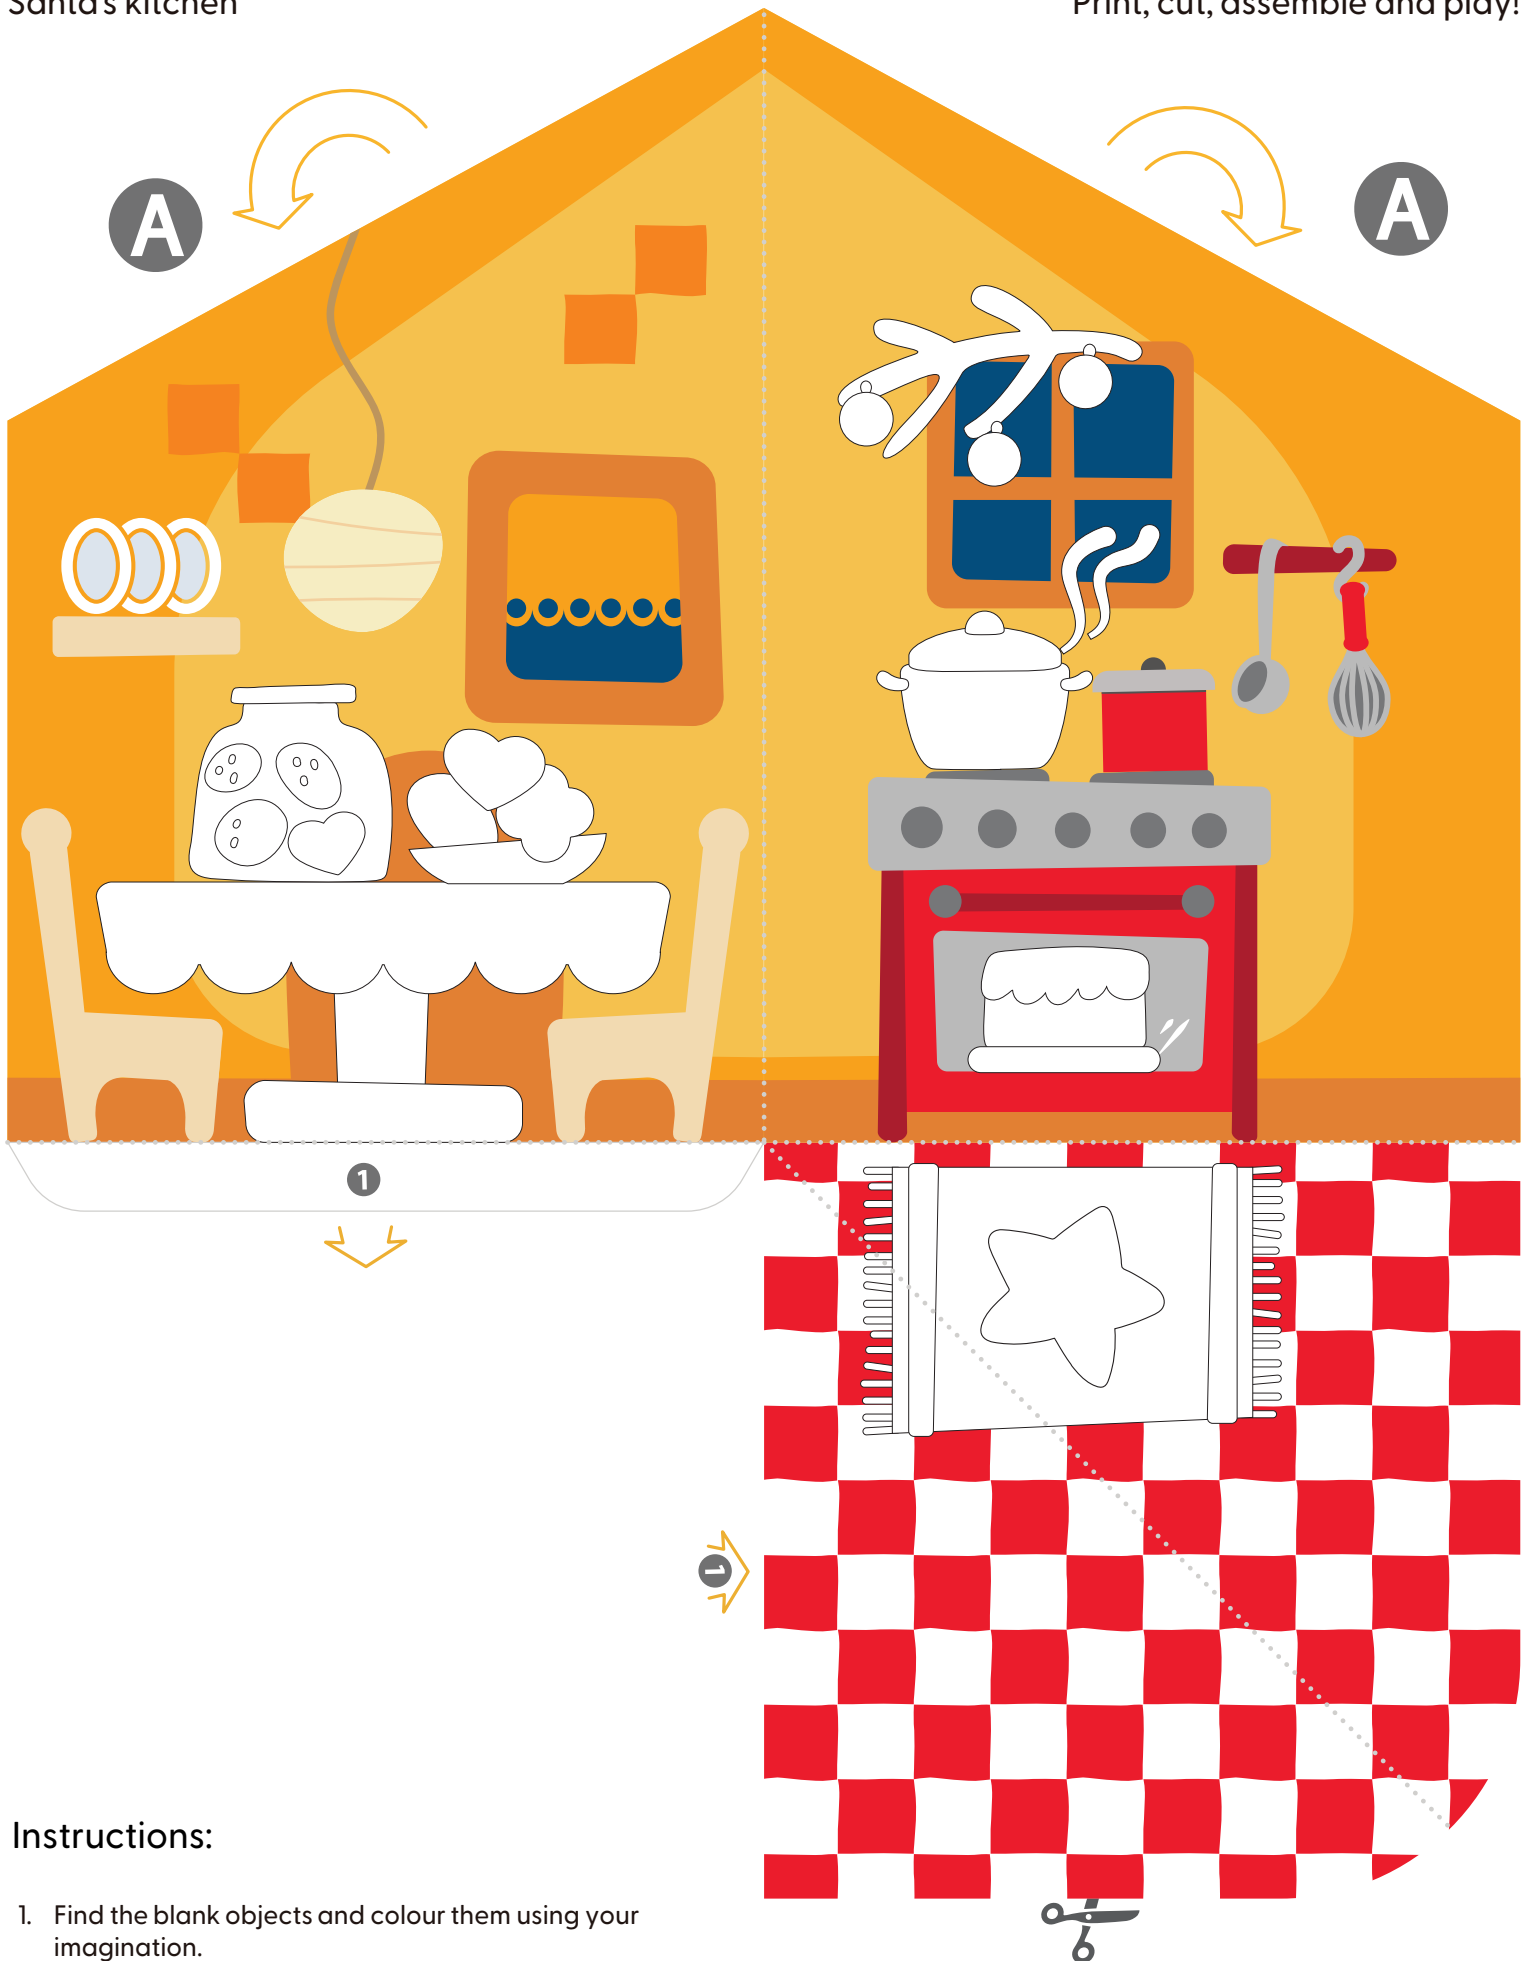

Glue

Colouring Pencils

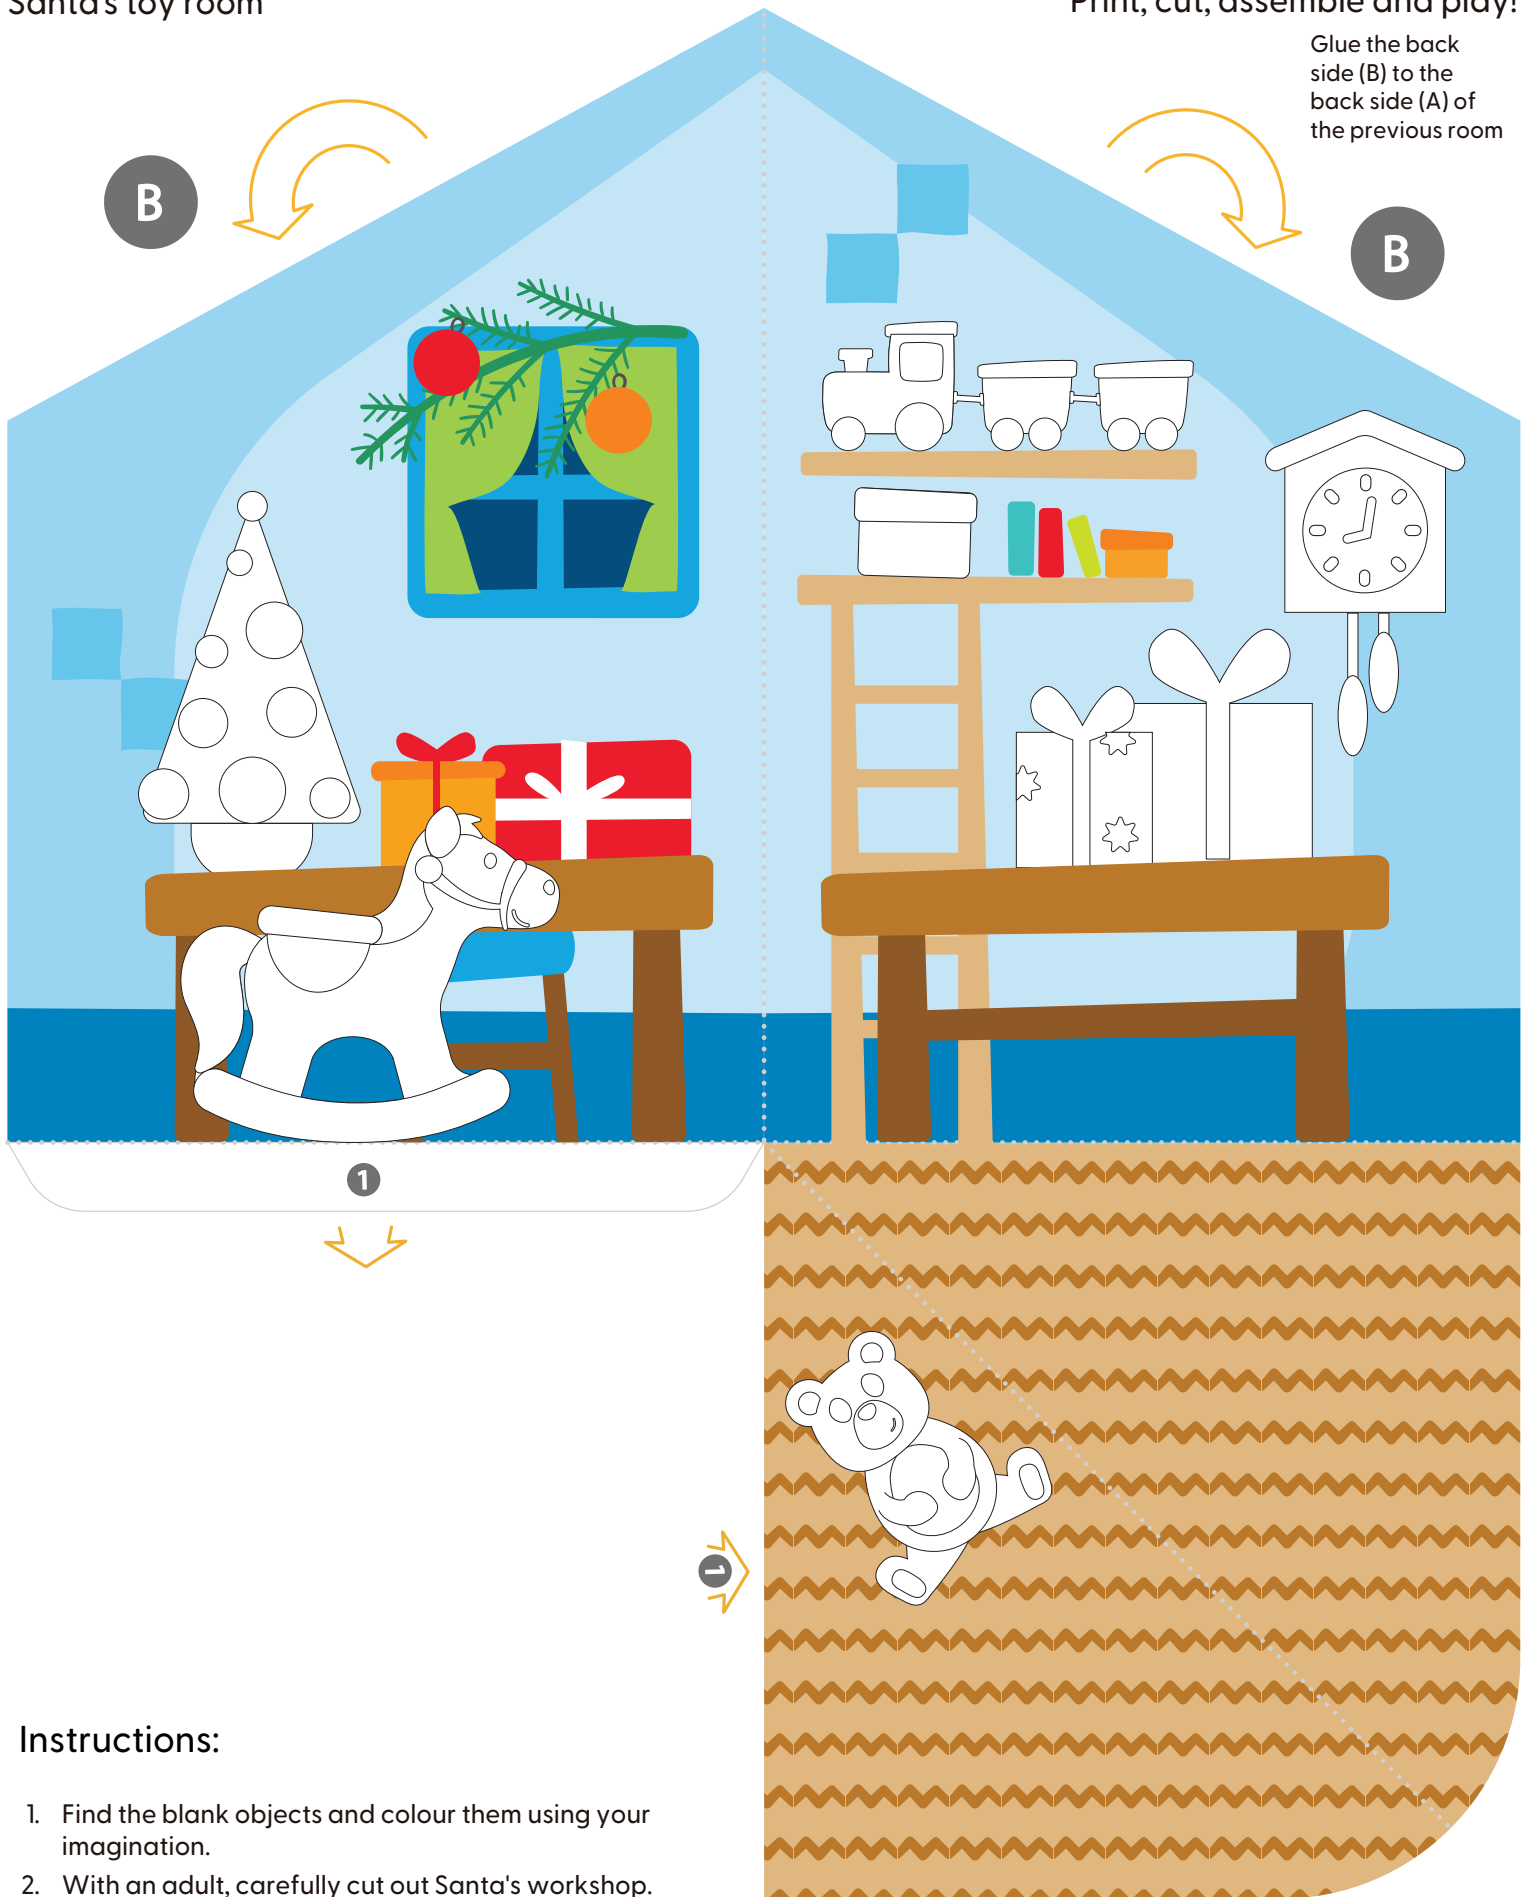

1h 30min

Instructions:

1. Find the blank objects and colour them using your imagination.
2. With an adult, carefully cut out Santa's kitchen.
3. Gently fold and unfold along the dotted lines a few times to make the paper flexible.
4. Apply glue to the areas marked "1" and then press them together to assemble the room.

Glue the back side (B) to the back side (A) of the previous room

Instructions:

1. Find the blank objects and colour them using your imagination.
2. With an adult, carefully cut out Santa's workshop.
3. Gently fold and unfold along the dotted lines a few times to make the paper flexible.
4. Spread glue on the sections labeled "1" and stick them together to start forming the room.
5. Apply glue to the back side (B) and attach it to the back side (A) of the previous room to connect them.

Glue the back side (C) to the back side (B) of the previous room

Instructions:

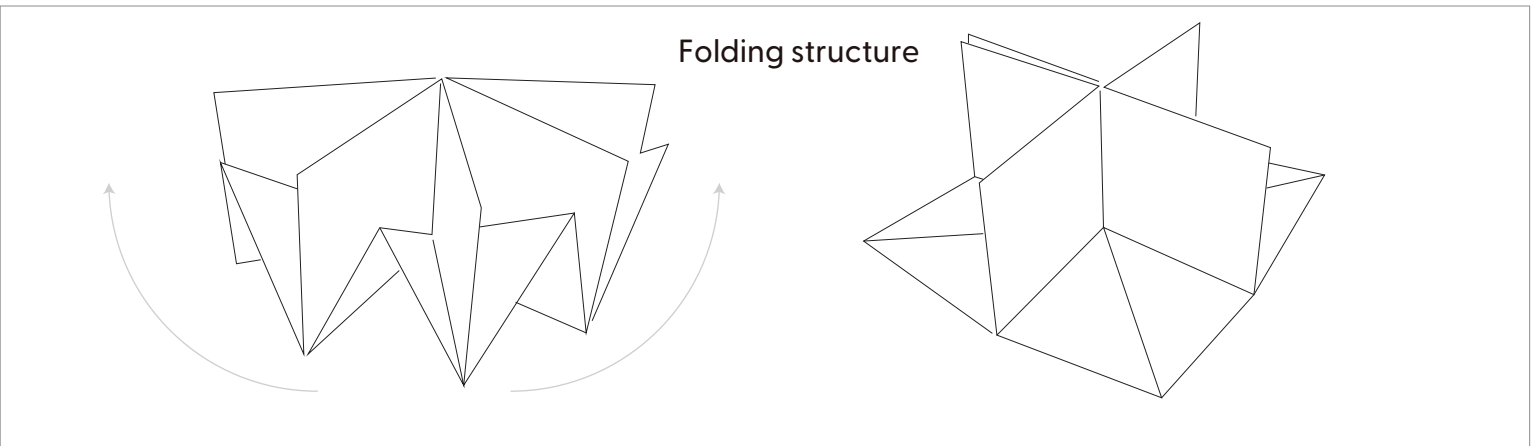

1. Find the blank objects and colour them using your imagination.
2. With an adult, carefully cut out Santa's living room.
3. Gently fold and unfold along the dotted lines a few times to make the paper flexible.
4. Spread glue on the sections labeled "1" and stick them together to start forming the room.
5. Apply glue to the back side (C) and attach it to the back side (B) of the previous room to connect them.

Glue the back side (D) to the back side (C) of the previous room

Instructions:

1. Find the blank objects and colour them using your imagination.
2. With an adult, carefully cut out Santa's post office.
3. Gently fold and unfold along the dotted lines a few times to make the paper flexible.
4. Spread glue on the sections labeled "I" and stick them together to start forming the room.
5. Apply glue to the back side (D) and attach it to the back side (C) of the previous room to connect them.

1. With an adult, cut out the two sides of the front door.
2. Find the blank objects and colour them using your imagination.
3. Glue the back (E) to the back of Santa's kitchen (A).
4. Glue the back (F) to the back of Santa's post office (D).
5. Once assembled, carefully fold and unfold Santa's workshop.

Instructions:

1. With an adult, cut out the characters where indicated.
2. Gently fold and unfold along the dotted lines.
3. Glue the back of each character's head together to strengthen the cutout.
4. Spread glue on the sections labeled "3" and stick them together to create Santa and his helpful Elf!
