2024

# Introduction

We started the Adnams wine merchant business in 1874, just two years after the Adnams brewery was founded and we've been in love with wine ever since.

After 150 years, you could say we've been at this longer than many of the exceptional producers we work with today. As an independent family business, we are immensely proud of the many personal and long-standing relationships we've built with our wine producers. Those connections have helped us curate an exciting and eclectic wine range that is ever evolving. Many of our wines have been carefully crafted by families and individuals who we admire and respect, who share our culture, values, and passion for producing great products.

Lydia, Sophie and Dan make up our small but passionate wine team based in Southwold, Suffolk. Their focus is on quality, ethically sourced, sustainable, unique and interesting producers with stories to tell through their wines. They care about what's in the bottle and the wines they select take our customers on a journey from grape to glass. Lydia, Sophie and Dan are supported by an extensive, WSET-qualified store team, who share their passion and knowledge of wine. Our 13 shops across East Anglia offer a great opportunity to taste our wines and speak with our wine experts in person. The shop teams service both private clients as well as corporate and trade orders.

This year, we were thrilled to be ranked in the Top 50 Independent Wine Merchants by Harpers, they also gave us the accolade of 'Standout Independent Retailer in East Anglia' which was the icing on the cake.

This handy guide highlights our current wine range. Our team would be delighted to discuss this with you.
