HACCP International certifies the products listed above, when fitted with shatterproof tubes, as food-safe and suitable for use in facilities that operate a HACCP based Food Safety Programme.

All such equipment is to be installed and operated in accordance with the manufacturer's recommendations; location of device, globe changes and glue-board changes are critical to effective operation.

Licence Commencement 20 February 2024

Certificate Issue Date 20 February 2024 

HACCP International's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based Food Safety Programme. Whilst all reasonable care is taken by HACCP International in its evaluation of the product(s) or services(s) described herein, HACCP International does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement.

Licence Agreement

Ensystex Australasia Pty Ltd is licensed to use the HACCP International certification mark, in accordance with HACCP International's Certification Trade Mark Rules and Conditions in Region 1 (Australasia) in respect of the products listed above, for a period of 24 months from the licence commencement date. Ensystex Australasia Pty Ltd is in receipt of the HACCP International Pty Ltd Certification Trade Mark Rules and Conditions v3.0 and agrees to abide by the conditions therein.
