

Nova Series

Nova Series Design features

1. Fluid™ Concrete

Incredibly strong yet relatively lightweight, EcoSmart's concrete products incorporate revolutionary Fluid Concrete Technology. Fluid features a stain and impact-resistant barrier that protects the concrete from environmental weathering even under extreme conditions and long UV exposure.

Environmentally-Friendly

Bioethanol fireplaces use an environmentally-friendly, renewable energy source that burns clean and delivers warming heat. You and your guests will enjoy the ambiance and tranquility of a real fire, without the hassles of burning real wood - no more embers, ash, and soot to clean up.

Surround Colours

Our fires are available in three Fluid Concrete colours.

Graphite

2. Decorative Media

Concrete models come with black glass charcoal.

3. Articulating Feet

Our Fire Pits and Tables feature 360° height-adjustable articulating feet, so you can achieve a perfectly level and stable model before operating the fireplace.

Versatile & Incredibly Durable

EcoSmart portable fireplaces are versatile, incredibly durable, and are constructed of weather resistant materials. These appliances are designed to look great for years, and will perform admirably through all four seasons.

4. Burner Colours

Available with a Stainless Steel or Black Burner.

Available in 2 Sizes

Nova 850 stands 310mm [12.2in] tall, 850mm [33.5in] wide. The smaller Nova 600 stands 220mm [8.7in) tall, 600mm [23.6in] wide.

Quick & Easy Installation

With no installation or building works required, simply unpack, put into position, and off you go.

Ground Fixing Brackets

Models come with fixing brackets for permanently locating into a fixed position.

Global Compliance

These models comply with existing standards in the USA and Australia. O-TL listed to UL 1370 and ACCC Safety Mandate compliant.
