

No Thank You's

We are appreciative of our consignors and hope these consignment guidelines make your consignment experience with us enjoyable and profitable. We aim to get your items on the floor as quickly as possible. Following these guidelines is a tremendous help.

Items **MUST** be clean and ready to go on the floor. We do not accept broken, chipped or dirty items. Items need to be cleaned before dropped off OR picked up. If not clean, there will be an extra 10% charge as it costs us extra time and materials to do so @ paper towels, Windex, etc. When dropping off your treasures, please have them organized so we can quickly inventory them and you can be on your way. Any history you have on unusual items is greatly appreciated. We determine prices. Please let us know if you are looking to receive a certain amount of money for something and we will tell you if it is realistic.

Please don't pass on an item's bad energy. If you are having problems with an item, please do not bring it to us. A rule of thumb is to bring items to us in the condition in which you would like to purchase them.

Items we do not accept:

- Air Purifiers
- Appliances - LARGE @ Refrigerators, Stove, etc. * Exceptions for BRAND NEW
- Armoires
- Books (we do accept cookbooks and coffee table books)
- CD's / CD Players
- Children's items
