

HOW TO SET UP YOUR INSURANCE

HOW DOES IT WORK?

- 1. Order Placement:** When you place an order for a mobility scooter on our website, you can be assured that you will automatically be enrolled in our insurance policy.
- 2. Insurance Provider FISH:** Once your order is confirmed, we will securely forward your details to our trusted insurance provider, FISH. They specialise in mobility scooter insurance and will handle the policy setup process.
- 3. Contact from FISH:** Soon after your order is placed, FISH will reach out to you directly using the contact information you provided during the purchase. This contact will typically occur within a few days after your order confirmation.
- 4. Policy Setup:** FISH will guide you through the simple process of setting up your insurance policy. They will retrieve the necessary information from you to ensure your mobility scooter is properly covered.
- 5. Coverage Activation:** Once you've completed the required steps with FISH, your insurance coverage will be activated. You are now protected while using your Betty & Bertie mobility scooter.

INFORMATION YOU WILL NEED:

- **Reference Code:** 4059
- **Manufacturer:** Betty and Bertie
- **Manufacture Date:** Date **you** purchased the mobility scooter
- **Estimated Value:** The price **you** paid (excluding shipping costs)
