

Our 2-in-1 Building Blocks Table provides your child with the opportunity to promote spatial awareness and refine hand-eye coordination.

Model: 8601

2-in-1 Building Blocks Table

Features

- This set comes packaged with two chairs and a table with cover, which can convert from a normal play table to a building blocks table base
- Your child will enjoy the 100 included building blocks to help get started on their intricate block-construction
- This table is compatible with LEGO building blocks, so the architectural possibilities are endless
- When it's time to pack up, the table cover secures onto the table top and the building blocks fit into a mesh storage bag
