

Air treatment is heavily influenced by the extreme weather conditions of bushfires and floods. This Air Purifier with CADR 205m<sup>3</sup>/h will prevent interior risks of poor air quality with its sleek design, smart features and high-filtration performance.

## Model: AP67

Air Purifier with CADR 205m<sup>3</sup>/h

### Features

- Featuring a HEPA filter with activated carbon, this air purifier has a CADR, known as Clean Air Delivery Rate, of 205m<sup>3</sup>/h and an area coverage of 24m<sup>2</sup> for high level air purification
- With four fan speeds, you can choose from low, medium, high or sleep mode
- Enjoy a low noise level, air quality sensor to display the indoor air quality through light colour, and a filter replacement indicator
- The auto mode allows the fan speed to self-adjust based on the current air quality level
- You can also choose a set time of two, four or eight hours of purification time before the air purifier powers off
- The filter replacement indicator will illuminate on the touch screen and an increased operating noise coupled with decreased airflow will signal it is time to change out the size 17.6cm x 18cm HEPA filter
- This air purifier comes pre-packaged with one HEPA filter

### Specifications

- **Features:** Air purifier, CADR 205m<sup>3</sup>/h, 24m<sup>2</sup> area coverage, perfect for homes and small offices, 4 fan speeds, sleep mode, air quality sensor, keylock mode, filter replacement indicator, auto mode for the fan to self-adjust based on the current air quality level, 2/4/8-hour timer, fan speed memory
- **Filter:** Pre filter + HEPA + activated carbon, size 17.6cm x 18cm
- **Noise Level:** 28-52dB
- **Power:** 35 Watts
- **Measurements:** 22cm x 22cm x 41cm
- **Weight:** 3.4kgs
