

Air treatment is heavily influenced by the extreme weather conditions of bushfires and floods. This Air Purifier with CADR 170m<sup>3</sup>/h will prevent interior risks of poor air quality with its sleek design, smart features and high-filtration performance.

## Model: AP90

### Air Purifier with CADR 170m<sup>3</sup>/h

#### Features

- Featuring a HEPA filter with activated carbon, this air purifier has a CADR, known as Clean Air Delivery Rate, of 170m<sup>3</sup>/h and an area coverage of 20m<sup>2</sup> for high level air purification
- With four fan speeds, you can choose from low, medium, high or sleep mode
- Enjoy a low noise level, 7 colour-changing lights and an adjustable bright white light, an adjustable standby mode night light in warm-white and cool-white temperatures, air quality sensor to display the indoor air quality, keylock mode to lock all buttons while your little ones are around and a filter replacement indicator
- You can also choose a set time of two, four or eight hours of purification time before the air purifier powers off
- The filter replacement indicator will illuminate on the touch screen and an increased operating noise coupled with decreased airflow will signal it is time to change out the size 18.6cm x 14.2cm HEPA filter
- This air purifier comes pre-packaged with one HEPA filter

#### Specifications

- **Features:** Air purifier, CADR 170m<sup>3</sup>/h, 20m<sup>2</sup> area coverage, perfect for homes and small offices, 4 fan speeds, sleep mode, 7 colour-changing lights and an adjustable bright white light, adjustable standby mode night light in warm-white and cool-white temperatures, air quality sensor, keylock mode, filter replacement indicator, 2/4/8-hour timer, fan speed memory
- **Filter:** Pre filter + HEPA + activated carbon, size 18.6cm x 14.2cm
- **Noise Level:** 30-52dB
- **Power:** 35 Watts
- **Measurements:** 21.9cm x 21.9cm x 36cm
- **Weight:** 3.3kgs
