

Modern in design and premium in quality, this mighty Bluetooth speaker boasts a rich and crisp sounding 300-watt RMS capacity.

Model: **BTD300**

300-WATT Bluetooth Speaker

Features

- Be your own DJ, without spending a thing, with an easy-to-use mixer, graphic equaliser and dual volume controls
- Connect your smart-phone and our compatible microphone (not included) for an exciting 'karaoke' addition to your next get-together
- Exciting, adjustable disco lights on the top and front are a perfect coupling for this feature, adding a touch of colour to any function
- Now with an in-built dual system, enjoy two Bluetooth, two FM stereos, two volume control dials, two microphone inputs, two USB ports and two SD card slots to get the most out of your listening and entertainment experience
