

Digital Cold Brew Coffee Maker

Cold brewing extracts the flavour along with the caffeine from the coffee beans, producing a rich, flavourful, and stimulating brew without the bitterness of regular coffee.

Features

- Perfect cold brew in 10 minutes without compromising on the rich & smooth flavour
- 4 Preset brewing strength timer; Light, Medium, Bold and Concentrate
- Digital display with touch control
- Chill cycle program lets you enjoy your coffee ice-cold without losing its bold flavour
- Maximum capacity 1050ml

Model No: CB707
