

It's a nice summer day and you are a lone ranger wanting to play a game of cricket. No worries, our Cricket Ball Pitcher has you fully covered.

Model: CP100

Automatic Cricket Baller

Features

- Perfect for practicing a swing, coaching or simply fun exercise, this ball pitcher is the perfect companion for backyards, parks and beaches.
- The Cricket Ball Pitcher is simple to set up and use— load up four D batteries into the base, attach the channels to the pitcher, select from 3 pitching angles and let the games begin.
- Improve your hand-eye coordination while the ball pitcher launches 5 soft balls every 5-8 seconds at a distance up to 5 metres.
- Enjoy no fuss, no wires since this ball pitcher runs solely on batteries.
- Playing with a friend? You can take turns between the ball pitching intervals.
- Coaching your child? Perfect opportunity to demonstrate and then give them a hands-on learning experience.
- Have a pet who likes to play fetch? Condense your telescopic bat and put into storage then use the ball pitcher as a dog ball launcher.
