

Hosting a sleek, low-profile design and powerful 10 watts quick-charging power, this 2-in-1 alarm clock will conveniently charge up your compatible smartphone as soon as you lay your phone face-up on top of the clock.

Model: CRW25 Quick Wireless Charging Alarm Clock

Features

- Featuring an FM radio, this smart alarm clock will scan and store 20 FM stations
- Enjoy a handy sleep mode countdown so you can enjoy the tunes of the radio for up to an hour and a half before bedtime
- The convenient USB port on the back of the alarm clock can charge all devices, so those without a wireless charging compatible smartphone don't have to miss out
- Enjoy a large 3-centimetre number clock display in a charming, white glow colour, in either twelve hour or twenty-four hour formats
- Featuring a dual alarm system and snooze button
