

Precision & convenience, this Intelligent Dutch Oven makes cooking easier thanks to 8 pre-programmed intuitive cooking functions – slow cook, sear/sauté, soup/broth, bake, braise, stew, roast and stir fry.

The manual mode lets you precisely control cooking time and temperature. The “keep warm” option helps to make sure the food is ready to serve when you need it.

## Model: DO650BL

### INTELLIGENT 6.5L DIGITAL DUTCH OVEN

#### Features

- Large family-size capacity 6.5L Cast Iron with enamelled finish
- The enamelled cast iron pot has excellent heat retention and distribution properties making it ideal for slow cooking. It helps cook food evenly while retaining flavours and tenderness. The food will also stay warm for longer.
- 8 Cooking presets; Slow cook, Braise, Sear/ Saute, Stew, Soup/Broth, Roast, Stir Fry and Bake
- The specially designed heavy, self-basting lid prevents moisture from escaping and helps to evenly re-distribute it thanks to 26 little dimples on the underside. This ensures that your dishes will come out moist and tender.
- Stainless Steel housing body
- Dishwasher safe Cast Iron pot
- Recipe book included
