

Enjoy the thrilling speed of 10 km/h coupled with the ability of the auto-demo drift show, with this unique RC Fog Stream Drift Car.

Model: FRC340

RC Fog Stream Drift Car

Features

- With a 3.7V battery and 2.4GHz controller, these RC drift cars can travel a distance of 45 metres and allow 25 minutes of playtime per use
- Simply add 30mL of water through the top of the car for 20 minutes of fog, just enough fog stream effect for a single playtime
- The wheels of the drifting car will light up and flash in blue and pink colours as you impressively drift around
- This powerful RC Fog Stream Drift Car travels forward, backward, left and right, as well as the auto-demo
- Best of all, these “ready to run” cars are pre-packaged with the 2x AA batteries required for the 2.4GHz controller so the fun and excitement can start immediately out of the box
