

If you enjoy creating authentic, homemade breads, cakes and pastries, our settings offer seamless, one-press activation of any function of your choice— each tailored to simplify egg whipping, dough making and batter blending.

Model: MMX1200

Powerful Mix Master

Features

- Enjoy planetary mixing – a thorough mix of the entire bowl's contents in full, sweeping motions
- With its robust gears, this mixer will ensure even, professional mixing results
- The cover guard will prevent those unwanted 'flour showers' and contain the ingredients inside the bowl
- The Mix Master is the home chef's ultimate companion, with electronic speed settings to suit a range of baking needs
- The Mix Master comes bundled with your kitchen essentials, including a large 5-Litre stainless steel bowl with cover guard, egg whisk, dough hook and paddle beater
