

Transform your backyard BBQ grill into a pizza haven with our BBQ pizza stone, delivering perfect crispy crusts and melty cheese every time.

Model: POS70

BBQ Pizza Stone

Features

- Durable and heat-resistant pizza stone designed to withstand high temperatures on a BBQ grill (up to 600°C)
- Evenly distributes heat, ensuring a consistent baking temperature for perfectly cooked pizzas.
- Absorbs excess moisture from the dough, resulting in a crispy and golden crust.
- Provides excellent heat retention, allowing pizzas to cook quickly and efficiently.
- Versatile surface suitable for baking pizzas, bread, and other delicious treats.
- Easy to clean and maintain.
