

This 5L Rice Cooker offers fuzzy logic technology and can cook any versatile texture of rice from sushi-prepared rice all the way to congee and mixed grain rice.

## Model: RC510

### 5L Rice Cooker

#### Features

- Rice cookers with fuzzy logic technology have a smart sensor that makes automatic, appropriate adjustments to the cooking time and cooking temperature
- Enjoy regular, hard or soft rice results as well as dedicated cooking programs for congee, soup, steam and reheat
- The 24-hour delay start makes for easy no-fuss cooking
- The automatic 60°- 80°C keep warm mode will keep the meals ready-to-eat until it is time to serve
- Pre-packaged with a steam plate, measuring cup and spoon
- Complete with a convenient carry handle and easy one-touch button pop up lid
