

Our solar pest killers are fitted with LED, UV light systems, offering a system to attract insects with light, before zapping them with its high voltage frequency.

## Model: SL9

### Solar Mosquito Killer Lamp

#### Features

- Whether entertaining guests, or enjoying a night outdoors, the last thing you want is to fall victim to a bite from nature's most annoying pests
- Fitted with LED, UV light systems, offering a system to attract insects with light, before zapping them with its high voltage frequency
- Solar-powered and wire-free – lasting between 6 and 10 hours with every use
- Each waterproof lamp can be inserted straight into your garden bed
- When the bugs are at rest, your lamps offer soft white and purple LED lighting during your evening entertainment
