

This powerful blender delivers incredible blending power, allowing you to create delectable sauces, soups, smoothies, and more. Its sleek design in shiny red adds a touch of sophistication to any kitchen.

Model: TB100R

Table Blender

Features

- **VERSATILE SPEED CONTROL:** With two adjustable speeds, you have full control over the blending process, adapting to the unique requirements of each ingredient. For quick bursts of power at the perfect speed, simply engage the pulse button.
- **1.5 LITRE GLASS JAR:** The blender, boasting an impressive 500 watts of power, comes with a generous 1.5-litre glass jar. It not only provides ample space for your creations but also showcases durability and effortless cleaning.
- **PRECISION STAINLESS STEEL BLADES:** Equipped with a stainless steel blade, this blender effortlessly achieves flawless blending results. Experience the strength and longevity of its cutting-edge design.
- **ENHANCED SAFETY FEATURES:** The blender's base includes a safety lock mechanism, ensuring that the jug remains securely in place throughout the blending process. Moreover, non-slip feet are incorporated for maximum stability during operation.
