

Whether you're entertaining for the evening, or hosting a small function, this water urn will fuel coffees and teas to add a spring to every guest's step.

Model: UR10

10L Water Urn

Features

- High-capacity, 2000 Watt water urn
- Can hold 10 litres of water in its stylish, stainless steel lid and body
- The urn's convenient water gauge lets you know when it's time to refill, or when you've got the perfect amount brewing
- Auto shut-off feature prevents over-heating
- 'Keep warm' indicator light indicates that the unit is steadying the water's temperature
