## CONTRATEMPO

Zeitlos chic ist unsere Taschenserie Contratempo. Ein besonders softes und strapazierfähiges, gleichzeitig elegantes Nylon-Canvas in edlem Schwarz, sowie ein hochwertiger bugatti Metall-Anhänger, der auch separat als Schlüsselanhänger agieren kann, geben dieser business-orientierten Linie eine zarte feminine Note. Weich fallende puristische Formen, ein aufwendiges Interieur das in zartem Rosé Jacquard-futter erstrahlt, sowie eine Fülle an Formaten von Business bis Freizeit machen diese Taschenserie zu einem unerlässlichen Must-Have für das ganze Jahr. RFID-Schutz ist im Innen-Reißverschluss-Fach eingebaut und schützt zuverlässig vor unerlaubtem Datenzugriff.

The Contratempo collection is highlighted with its everlasting and chic design. A particularly soft, durable and at the same time elegant nylon-canvas in noble black, as well as a high-quality bugatti metal-pendant, which can separately be used as key holder, give this business-oriented line a gentle feminine touch. Soft, puristic shapes and a classy interior which appears in a gentle rosé jacquard lining, as well as the multitude of models from business up to leisure-usual bags, make this bag series an indispensable must-have for the whole year. The RFID-protection is built into the inside zip pocket and reliably protects against unauthorized data access.

## CROCO

Unsere Serie CROCO zeichnet sich durch ihren einzigartigen und modernen Look aus. Die Taschen und Kleinlederwarenmodelle wurden aus edelstem Leder mit einer coolen Krokodilprägung gefertigt. Ein blaues Innenleben mit kontrastierendem und cognacfarbenem Glattleder runden das Design ab.

Sowohl bei den Taschen, als auch bei den Damenbörsen erkennt man das charakteristische Bugatti Metalllogo. Für die Herrenbörsen wurde bewusst das aufwendige und hochwertige Prägedruckverfahren angewandt, um den optimalen Tragekomfort zu gewährleisten.

Our series CROCO is characterized by its unique and modern Look. The bags and small leather goods are made of the finest leather with cool embossing. A blue Interior with contrasting cognac-colored and smooth leather completes the Design.

As well for the bags as for the ladies' wallets, you will recognize the characteristic Bugatti metal-logo. For the men wallet was used consciously the elaborate and high-quality embossing process, to ensure optimal comfort.

## MOTO D

Fällt sofort ins Auge durch das hochwertige PU-Nappa im trendigen Vintage-Look: blau und schwarz werden als Farben angeboten. Beide raffiniert kombiniert mit schwarzen Webbing und dunkelbraunen PU-Trimmings. Ein cooles Branding darf hier auch nicht fehlen: ein authentischer bugatti Patch zierte die Front jeder Tasche.

Platzierte Doppelnähte unterstreichen den lässig sportiven Charakter der MOTO D Taschen. Angeboten wird hier eine breite Palette an großformatigen und kleinformatischen Taschen, die keine Wünsche offen lässt.

This line immediately stands out thanks to a trendy and vintage look, high-grade PU-Nappa leather: available in black or blue, both colors are sophisticatedly paired with black bands and dark-brown PU finishes.

No bag in this line would be complete without a hip brand logo: an authentic bugatti patch adorns the front of every bag. Double seams highlight the casual feel of our MOTO D bags.

This line has something for everyone, with a large selection of small and large bags.

## JANUS

Die Koffer der Serie JANUS fallen sofort auf mit ihrem futuristischen Look und ihrer gebürsteten metallischen Oberfläche. Das Bugatti Logo wurde raffiniert als Streifen in der Koffermitte in Szene gesetzt. Der widerstandsfähige ABS- und Polycarbonat-Mix sorgt für Leichtigkeit und lange Lebensdauer der Produkte. Leichtgängig und bequem sind die vier gummierten Spinner-Leichtlaufrollen. Sie sind 360° drehbar und sind besonders leise und wendig. Die integrierte vollversenkbare Teleskopstange ist mehrstufig arretierbar. Dadurch lassen sich die Koffer mit geringem Kraftaufwand schieben oder ziehen. Ideal ist das flach verbaute TSA-Schloss mit dreistelligem Code, welches den Inhalt der Koffer vor Zugriffen durch Unbefugte sichert. Ein zusätzlicher Griff am Kofferboden erleichtert das Ein- und Ausladen. Die durchdachte Aufteilung im Innenraum mit großen Reißverschluss-Fächern sorgt für beste Praktikabilität und Ausnutzung des Stauraums.

The suitcases of the line JANUS are eye-catching with their futuristic look and their brushed metallic surface. The Bugatti logo is placed subtly as a stripe in the centre of the luggage shell. A sturdy mix of ABS and Polycarbonate ensures lightness and robust products. The rubberized spinner wheels are free-moving and comfortable. They are 360° rotatable and are extra silent and flexible. The integrated trolley system is fully immersible and multi-stage adjustable. This ensures an effortless and easy movement of the luggage. The flat built-in TSA-lock with a three digit code is ideal to protect your luggage and belongings from unauthorized access. An additional handle at the bottom of the luggage gives comfort whilst loading and unloading. The well-thought conception of the interior with big zipper compartments provides best practicability and usage of the storage.
