

## Accessory Mounting Plate Installation Instructions

### Package contents:

1 x aluminium accessory plate  
1 x stainless steel brace  
1 x 5mm stainless steel Philips head bolt

### Recommended tools:

¼" Ratchet socket set with extension bar  
Philips screw driver

### Installation:

The accessory plate is mounted above the fuse box.

**Step 1.** Loosen the bolt at the base of the fuse box (located behind the fuse box). Recommend using the ratchet with extension bar.

**Step 2.** Insert the slotted end of the stainless-steel brace under the loosened bolt head and rotate brace 180 degrees.

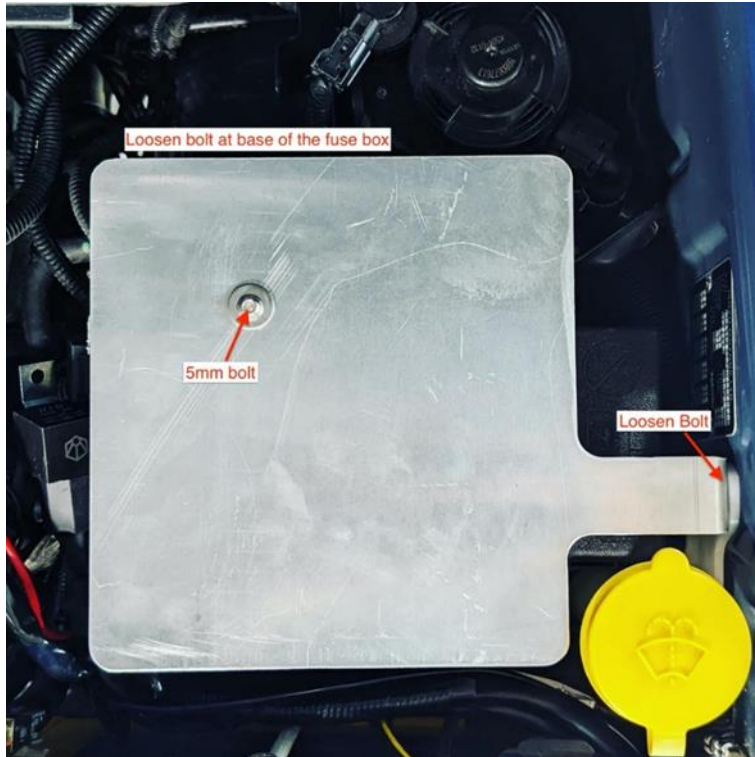

**Step 3.** Loosen the bolt holding the windscreen washer bottle. Slide in the slotted aluminium plate.

**Step 4.** Align the stainless-steel brace riv-nut with the accessory plate hole and add the Philips head bolt.

**Step 5.** Tighten all bolts!

**Congratulations!** You can now mount all your accessories. Aluminium is easy to drill, tap and cut.
