

# Color Match Cards

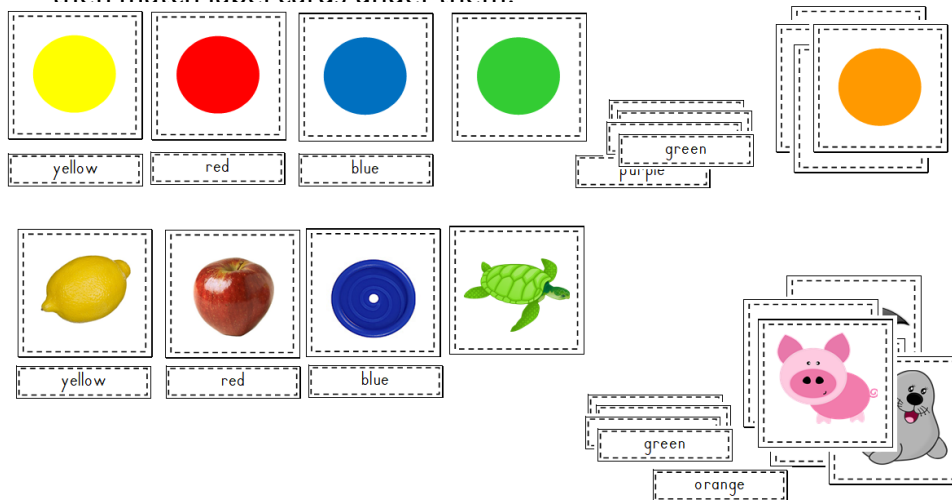

Set 1 & 2

Pre-Reading

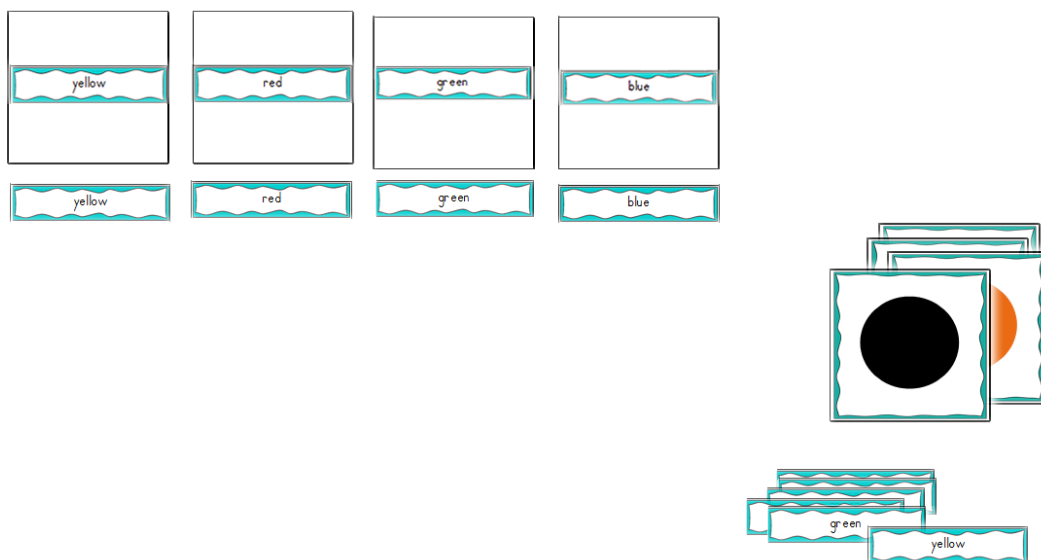

## Directions for Color Match Cards

1. Print out number and color match cards on cardstock. Laminate for durability. Print out a 2nd set of label cards to put on the back of the color cards/image cards for child self-checking (picture on next page).
2. Separate into respective sets.
3. Show child how to place number cards (or color cards) out on table and then match label cards under them.

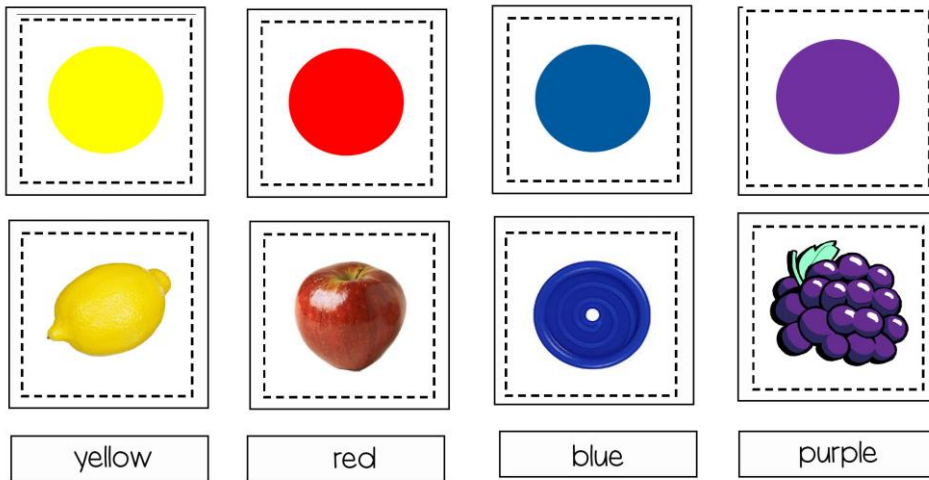

Tape extra letter card to back of number/color the card or write correct label on back of cards for student self-checking

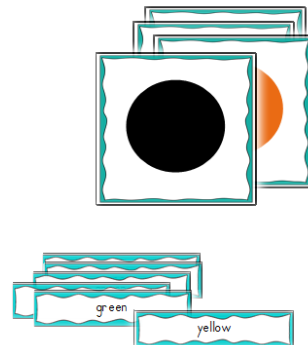

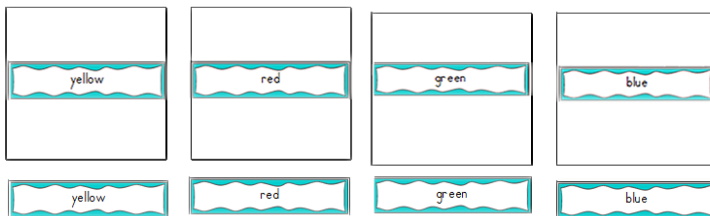

## Directions for Color Match Cards

After child has experience with each set individually, you can challenge them by combining both sets.

Tape extra letter card to back of number/color the card or write correct label on back of cards for student self-checking
