Directions for Geometric Shape Nomenclature Cards

Nomenclature Cards

1. Print out card set and control set on cardstock and laminate.
2. Cut out card set, labels, and control set.
3. Demonstrate activity for child.
4. Place control set face down to the side of the workspace.
5. Mix up image cards and labels and place on workspace to the side.
6. Place all image cards in row(s) on workspace.
7. Pick up label card one at at time, model reading the label and say your thoughts aloud as you look at the image cards and choose the correct one for the label. Place the label below the correct image card. Repeat with the rest of the labels.
8. Demonstrate how to pick up the control cards one at a time and check answers.
