

TECHNICAL DATA SHEET

AIR DUSTER

Air Duster Spray

Air Duster is the simple solution to the problem of dust, dirt and debris from a wide range of office equipment and other technical equipment.

Air Duster provides a source of high pressure gas that can be aimed directly at the area to be cleaned, either straight from the can or by using a more precise extension tube.

As the product is non flammable it is safe to use on all types of computer and similar equipment, to remove dust etc. from keyboards and electrical equipment
