Description:
WipeOut Brush Cleaner is a fast acting, deep cleaning makeup brush cleaner infused with sea salt and natural oils. This professional strength, no-rinse, fast-drying formula wipes out the residue and bacteria that lives on cosmetic brushes, leaving behind nothing but a clean and soothing scent. Recommended for use on: Cosmetic brushes, both natural and synthetic.

Directions for use:
Quick Clean: Spray brush until saturated and swipe out cosmetic residue on paper towel until dry.
Deep Clean & Sanitize: Pour brush cleaning solution into a small container. Dip the brush in solution and soak for 15 seconds. Swirl off any remaining pigment, ensuring that all bristles are exposed to the solution. Swipe on paper towel to remove excess liquid, until dry.

Efficacy:
In an independent laboratory study, BeautySoClean® WipeOut Brush Cleaner C1089 has been clinically proven to be effective against Human Coronavirus (229E), Influenza A (H1N1), and Herpes Simplex Virus (HSV-1).
