### 7 50mm x 50mm HEAVY DUTY HITCH

Hayman Reese created the original '50 x 50mm square hitch' heavy duty towbar, which is so good that it's regularly copied by cheaper competitors. Some of these imitators even refer to their 50 x 50mm hitch towbars as "Hayman Reese style" - but any other similarities end there.

### 8 smartCLICK WIRING SOLUTIONS

With the increasing sophistication of vehicle management and safety technology, your towbar or towing solution needs to integrate seamlessly with your vehicle. Only Hayman Reese has the vehicle specific Smartclick™ Intelligent Towing Solution wiring system to ensure that your vehicle's management and safety systems are not compromised by your towbar or towing solution.

### 9 SUPERIOR FINISH & PROTECTION

Every Hayman Reese towbar is specially protected against corrosion by MetalShield™; an advanced e-Coat and tough powder coat finish, far superior to the finish provided by any other towbar manufacturer in Australia.
