Created™ Custom

One of the most exciting traits of our raw, solid slabs is the potential they possess to be transformed into practically anything you can imagine.

Today, roughly half of our business is comprised of custom pieces, made to order for a single individual, family, or organization. We like to think that if you can dream it, we can build it. So go on, dream away... our design team is ready to help make them a reality.

Sustainability for generations to come.

Created™ Hardwood is committed to not only responsibly sourcing our raw materials, but replenishing and sustaining them as well. The wood we use is never harvested for the purpose of making our products, but rather repurposed from trees that have already been removed for safety or commercial reasons.

Partnering with the non-profit organization **One Tree Planted**, Created™ is dedicated to contributing to reforestation efforts around the world. In an ever-changing global landscape, we view our access to these amazing creations as a privilege, not a right, now more than ever.

The Created™ Difference

Created™ products are not only built with the highest quality materials, our craftsmen also utilize best practices and industry standard construction methods to ensure maximum performance and durability. All of our bronze grade products feature full length boards* over butcher block style panels for optimum continuity.

**144" maximum length without joining*

BUTCHER BLOCK STYLE

Beyond the Spectacular

There's no mistaking the distinctive, show-stopping appearance of a high character, solid slab table, desk, or bar top, but Created™ also specializes in high volume hospitality, commercial, and residential orders. Our vast line of bronze grade products are designed to fit any budget, offering best-in-class practicality, performance and value.

COMPOSITION | Created™ products are made exclusively with solid wood. Three types of composition offer flexibility of form, shape, and price point and are often determined by availability.

SOLID

BOOK MATCHED

MULTI-PLANK

Choose from a variety of integrated power and data configurations and cord management systems to ensure each piece performs as well as it looks.

EDGE PROFILE | While the Created™ brand was founded on the organic shape of the wood, other edge profiles can be used to establish a particular design style and emphasize features of a piece.

LIVE

SQUARE

INVERTED

SHAPE | Different applications and styles of decor call for different product forms and designs. Created™ specializes in live edge slabs, but they can be cut to any shape or size within the original dimensions of the slab.

NATURAL

SQUARE OR RECTANGLE

ROUND OR OVAL

Created™ Hardwood prides itself on its best-in-class finish of everything we make, ensuring not only a beautiful appearance, but also maximum durability of our products.

HARDWARE | Our bases are designed to complement any style without distracting from the wood they support. Each one is made by hand by local fabricators and are available in a variety sizes and finishes. Ask about additional designs.

BLOCK

PRESS

CHEVRON

TRESTLE

GRADES | Each piece of Created™ Hardwood is denoted by its coin grade with the respective characteristics:

Bronze: Lowest price point, multi-plank solid wood composition, made to order specification (size and species). No slab selection available.

Silver: Middle price point, medium to high character, solid or bookmatch composition, Created™ Hardwood selects slab for project. No slab selection available.

Gold: Premium price point, medium to high character, solid or bookmatch composition, slab selection available pending availability. Created™ Hardwood makes sure to provide at least two to three options for slabs.

Examples are as follows. Note: Bronze not available in all species.

BRONZE

SILVER

GOLD

MAPLE

WALNUT

THE PROCESS | The Created™ design, production, and sales teams work with the client every step of the way from conception through installation to ensure delivery of each piece that exceeds expectations.

EDGEWISE^{BY}

Accessorize your space with products from EDGEWISE™ by Created™, including floating shelves that feature the patented E-Z LOCK™ hanging system.

Reward performance or show appreciation with an Edgewise™ Cutting Board or Wine Holder, which make beautiful and memorable gifts for any occasion.
