Batik Boutique is a social enterprise created to disrupt the cycle of poverty in Malaysia. We employ artisans and upskill marginalised to produce gifts, lifestyle products and apparel made from a traditional Malaysian artform called batik.

Batik Boutique provides job training and sustainable income opportunities to artisans predominantly from low-income backgrounds and marginalised communities. With our profits, Batik Boutique supports sewing training centres in close proximity to artisans' homes conducive to each person's life stage.

We recognise the transformative impact that meaningful employment can create for people and thank you for your partnership.

# Join this impact story

*"Having a steady income has greatly improved the quality of my life for my children and me."*

-Fitri

Our vision is to empower thousands of artisans by offering them a fair and sustainable income producing unique, high quality apparel, gifts and lifestyle products

Every unique handmade product supports not only the local artisans behind it, but also the traditional art of hand-blocked Batik technique.
