3.
Never use ammonia based cleaning products as it will damage the finish.

4.
To avoid fading, keep furniture out of direct sunlight.

5.
Use a soft or damp cloth(dry cloth)when wiping or cleaning surfaces.

6.
Two person are required.

7.
Lay a soft matt down to protect the furniture piece before and during assembly.

8.
NO POWER TOOLS

So your relationship is strong. But is it flat-pack furniture strong? Unless you're an aerospace engineer, assembling furniture can be slightly stressful. We recommend meditating quietly, pouring yourself a herbal tea (or slightly less herbal wine) and tackling things one step at a time. If you feel a passive aggressive remark coming on, try a compliment instead. E.g. "You're so good looking."

This 8-step assembly should take around 68 minutes with an Allen key- or 58 minutes with an electric drill.
