Tim Cox Fine Art Tim and Suzie Cox www.TimCox.com • {505}632-8080

Dear Friends,

How can it be fall again already? This year has flown by for us.What started out seeming to be a really bad break with our basement flooding from a lawn sprinkler turned out to be a revitalization for the house AND the whole crew. We are excited to have new organization, beautiful walls and clean tile flooring. We officially have a sump pump and our print cabinets are now on ROLLERS!

We are bringing you something entirely different this year with Tim's new drawing called "Mugged". Zeroing in on a particular moment at a branding; a cowboy is struggling to mug a calf. "Spring" was intended to be the third in a set with "Whassup" and "Who Dat" from last year and we are happy to be bringing it to you now!

Here is Tim's quote he gave for "Maybe It Will Be A Good Year": "This cowboy has seen some lean times - getting by on what is available, with a braided baling twine piggin' string, a belting breast collar, handmade hobbles on his saddle and around his horses' neck. A makeshift canvas bag is about to give out as his fencing pliers are wearing through. Even the turkey feather in his well worn hat is frayed, but there is hope as rays of light shine through the storm clouds. Green grass, and spring flowers are coming, he has good cows and fat calves, and MAYBE IT WILL BEA GOOD YEAR."

"If These Walls Could Talk" got such a great reception at the Cowboy Artists of America Art Show, we could not help but decide to add it to the selections that we chose to print! Almost every person had a building that it brought to mind - whether it was an old corn crib, barn or an old homestead. We have also brought some long promised Giclée releases of some favorite images like "Where Change Comes Slowly", "A Well Earned Drink", "Rocky Mountain Paradise", and "At The End Of The Day".

Over the years I have shared the lives of our family with you, events involving our children, their rodeo, athletic, and personal accomplishments. This tradition continues with our granddaughter, CJ and her growing involvement in barrel racing and basketball. C] and Carmin have been training C]'s new barrel horse and they are now going to some races and improving all the time. CJ will begin her 3rd year playing basketball, following their undefeated season ending as champions of their league. CJ, Jake and Carmin still to live in Purcell, OK where Jake is an Associate Veterinarian for Dr. Joe Noble, Noble Equine Veterinary Services. They provide ambulatory equine vet services and specialize in reproductive services. Carmin continues to work for us in art sales, shipping and managing the mailing list.

Calla and Justin still live in Bloomfield. Calla has been running our ranch and doing well in the cutting pen with Smartys Cachet. Justin is doing well in the oil field and gets lots of good natured teasing for being on the cover of so many magazines.

We are still shipping everything in the continental United States FREE! We'll be glad to load our specially made boxes full of art and send it right to you. AND, on all of our reproductions, when you buy 3 or more, we are offering a savings of 20% with FREE shipping in the 48 contiguous United States! Use code 20120. http://www.timcox.com/

I hope to hear from you soon! Please feel free to leave us a detailed message if we miss your call. We try to have someone here 9-5, MST, Monday through Friday. What is the difference between an Artist Proof and a Canvas Transfer?

We are asked this question often. Signed Open Editions and Posters can be reprinted over and over. A Limited Edition has a preset number of signed and numbered prints. Artist Proofs are the artist's personal prints that are given to him as part of the printing - usually 10% of the edition. There is no physical difference between the Artist Proofs and the Limited Edition. They are considered more collectable and are valued higher both initially and later on. (Collector's Tip - Over a period of time, Limited Editions, Artist **Proofs and the Canvas Transfers** of these have a greater chance of appreciating in value than posters or open edition prints.)

We make a canvas transfer by sending an existing Open Edition, Poster, Limited Edition, or Artist Proof to California. There they put the paper print into a special solution that soaks away the paper. They apply the film of ink that is left to a specially prepared, stretched canvas. These look very much like an original when you put them in a frame like we put an original in - they don't require matting or glass. They are about the same size as the print we made them from. These are my favorites. They are great looking and very durable.
