

KAYAK

GIN

Talking Cedar Spirits presents Kayak Gin, the first legally produced spirit made on Native American land since 1834.

Kayak Gin is made of simple, local ingredients: mountain water and foraged botanicals. A bold blend of Douglas Fir and Juniper is tempered with Mountain Yarrow and Nootka Rose to create a bright, piney gin that captures the Pacific Northwest's natural flavors in a single sip.

750ML - 45% ALC./VOL.

PLEASE KAYAK RESPONSIBLY.
