SEC	TION 1: Identification	of the substance/mixture and of the company/undertaking	
1.1	Product identifier	chemit Chemit	
	CAS number:	1293987-69-5	
	Product name: N-Methyl-3-4,4,5,5-tetramethyl-1,3,2-dioxaborolan-2- ylbenzenesulfonamide		
	Catalog number:	HFC309	
	Brand:	Hoffman Fine Chemicals	
	E icals	E stals	
1.2	Relevant identified u	ses of the substance or mixture and uses advised against	
	Identified uses:	For laboratory research purposes. Not for drug, household nor animal use.	
1.3	Details of the suppli	er of the safety data sheet	
	Company:	Hoffman Fine Chemicals Pty Ltd	
	Address:		
	themicals	4 46-50 Buchanan Road, Brooklyn, Victoria, 3012, Australia 03 9315 3435	
	Telephone:	03 9315 3435	
	Fax:	10fman	
1.4	Emergency telephone number		
	Emergency	800-424-9300 CHEMTREC USA 1-703-527-3887 CHEMTREC	
	telephone number:	International 24 Hours/day; 7 Days/week	
	(F) chemicals	(F) chemicals

According to OHSA 29 CFR 1910.1200

Supplemental Hazard information None. 2.3 Hazards not otherwise classified (HNOC) or not covered by GHS Additional precautionary phrases are located throughout the safety data sheet. **SECTION 3: Composition/information on ingredients** 3.1 Substances Product name: N-Methyl-3-4,4,5,5-tetramethyl-1,3,2-dioxaborolan-2-ylbenzenesulfonamide CAS number: 1293987-69-5 Formula: C13H20BNO4S Molecular weight: 297.18 Concentration: <=100 Percent 3.2 **Mixtures** None

#### **SECTION 4: First aid measures**

4.1 Description of first aid measures

#### **General** information

Consult a physician. Show this material safety data sheet to the doctor in attendance. Move out of dangerous area.

#### If inhaled

If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

According to OHSA 29 CFR 1910.1200

#### In case of skin contact

Take off contaminated clothing and shoes immediately. Wash off with soap and plenty of water. Consult a physician.

#### In case of eye contact

Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician. Continue rinsing eyes during transport to hospital.

#### If swallowed

Provided the patient is conscious, wash out mouth with water. Vomiting should only be induced under the direction of a physician or a poison control centre.

#### 4.2 Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in the labelling (see Section 2.2) and/or in Section 11.

#### 4.3 Indication of any immediate medical attention and special treatment needed

No data available.

## SECTION 5: Firefighting measures

#### 5.1 Extinguishing media

#### Suitable extinguishing media

Alcohol-resistant foam, dry chemical or carbon dioxide

Unsuitable extinguishing media

No data

Hoffman Fine

5.2 Special hazards arising from the substance or mixture

Hoffman Fine

In combustion toxic fumes may form.

According to OHSA 29 CFR 1910.1200

# 5.3 Advice for firefighters Wear self-contained breathing apparatus for firefighting if necessary. Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes. 5.4 Further information No data available.

#### **SECTION 6: Accidental release measures**

#### 6.1 **Personal precautions, protective equipment and emergency procedures** Wear respiratory protection. Avoid dust formation. Avoid breathing vapours, mist or gas.

(F) micals (F) micals (F)

Ensure adequate ventilation. Evacuate personnel to safe areas. Avoid breathing dust.

Do not attempt to take action without suitable protective clothing.

#### 6.2 Environmental protections

Prevent further leakage or spillage if safe to do so. Do not let product enter drains or river. Alert the neighbourhood to the presence of fumes or gas.

#### 6.3 Methods and material for containment and cleaning up

Mix with sand or vermiculite, transfer to suitable container and arrange disposal by approved disposal specialists.

#### 6.4 Reference to other sections

See Section 8 for exposure controls and personal protection and Section 13 for disposal considerations.

## SECTION 7: Handling and storage

7.1 Precautions for safe handling

- a) Handle in accordance with good industrial hygiene and safety practice
- b) Take measures to prevent the build-up of electrostatic charge.

According to OHSA 29 CFR 1910.1200

- c) Provide appropriate exhaust ventilation at places where dust is formed.
- d) Avoid inhalation of vapor or mist.
- e) Not to eat, drink, smoke in work areas.
- f) To wash hands after use.
- g) To remove contaminated clothing and protective equipment before entering eating areas.

For precautions see Section 2.2.

#### 7.2 Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well-ventilated area

Containers which are opened must be carefully resealed and kept upright to prevent leakage.

Keep container tightly closed in a dry and well-ventilated area. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

Sealed in dry,2-8 C

#### 7.3 Specific end use(s)

Apart from the uses mentioned in Section 1.2 no other specific uses are stipulated.

## SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters

#### Components with workplace control parameters

Contains no substances with occupational exposure limit values.

#### 8.2 Exposure controls

#### Appropriate engineering controls

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

- a) Handle in accordance with good industrial hygiene and safety practice.
- b) Wash hands before breaks and at the end of workday.
- c) Suitable eye/body wash equipment should be available in the vicinity of any potential exposure.
- d) Ensure adequate ventilation, especially in confined areas.

According to OHSA 29 CFR 1910.1200

e) Use explosion-proof electrical appliances, ventilation, lighting and other equipment.
 f) Set up emergency evacuation routes and necessary evacuation zones.

#### Personal protective equipment

#### Eye/face protection

Tightly fitting safety goggles. Face shield (8-inch minimum). Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

#### Skin protection

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

#### **Body Protection**

Complete suit protecting against chemicals, Flame retardant protective clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

#### **Respiratory protection**

Where risk assessment shows air-purifying respirators are appropriate use a fullface respirator with multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

#### Control of environmental exposure

Do not let product enter drains.

#### **SECTION 9: Physical and chemical properties**

#### 9.1 Information on basic physical and chemical properties

Appearance: Odor: Odor threshold: pH: White to Yellow Solid No data available No data available

pH: No data available Melting point/freezing point: No data available

Initial boiling point/boiling range: No data available

According to OHSA 29 CFR 1910.1200

Flash point: Evaporation rate: Flammability (solid, gas): Upper explosive limits: Lower explosive limits: Vapor pressure: Vapor density: Relative density: Water solubility: Partition coefficient: noctanol/water Auto-ignition temperature: Decomposition temperature: Viscosity: Explosive properties: Oxidizing properties:

No data available No data available

9.2 Other information No data available.

## **SECTION 10: Stability and reactivity**

10.1 Reactivity No data available

#### **10.2 Chemical stability** Stable under recommended storage conditions.

- 10.3 Possibility of hazardous reactions
- 10.4 Conditions to avoid No data available

Hoffman Fine

According to OHSA 29 CFR 1910.1200

10.5 Incompatible materials No data available

#### 10.6 Hazardous decomposition products

Carbon monoxide, carbon dioxide, oxides of boron, nitrogen oxides, oxides of sulfur.

### **SECTION 11: Toxicological information**

#### 11.1 Information on toxicological effects

Acute toxicity: Skin corrosion/irritation: Serious eye damage/eye irritation: Respiratory or skin sensitization: Germ cell mutagenicity: Carcinogenicity: Reproductive toxicity:

Specific Target Organ Toxicity (Single Exposure): Specific Target Organ Toxicity (Repeated Exposure): Aspiration hazard: Chronic Symptoms: No data available No data available

No data available No data available No data available No data available

No data available

#### 11.2 Additional information

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

#### **SECTION 12: Ecological information**

#### 12.1 Toxicity

No data available

#### 12.2 Persistence and degradability

No data available

According to OHSA 29 CFR 1910.1200

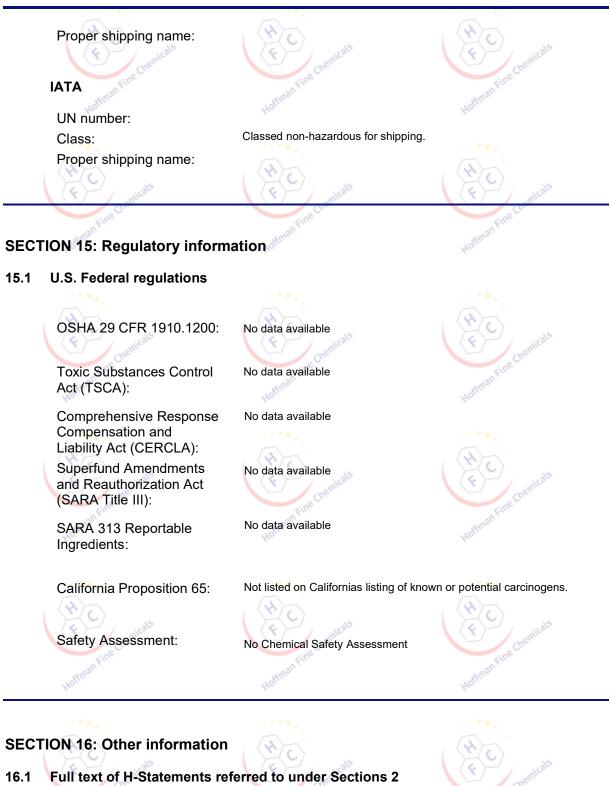

UN number: Class: EMS-No:

Classed non-hazardous for shipping.

According to OHSA 29 CFR 1910.1200

Harmful if swallowed

According to OHSA 29 CFR 1910.1200

The above information is provided without any warranty, express or implied, regarding its correctness and does not purport to be all inclusive and shall be used only as a guide. Prior to use, please investigate not only the hazards and toxicity information but also the laws and regulations of the organization, area and country where the products are to be used, which shall be given the first priority. This Safety Data Sheet ('SDS') was prepared and is to be used only for this product. If the product is used as a component in another product, this SDS information may not be applicable

The conditions or methods of handling, storage, contact, use or disposal of the product are beyond our control and may be beyond our knowledge. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. The stated cautions are for normal handling only. In case of special handling, sufficient care should be taken, in addition to the safety measures suitable for the situation. All chemical products should be treated with the recognition of having unknown hazards and toxicity, which differ greatly depending on the conditions and/or duration of handling, storage, contact, use and/or disposal. The products must be handled only by those who are familiar with specialized knowledge and have experience and/or under the guidance of those specialists throughout handling, storage, contact, use and disposal. Safe usage conditions shall be set up on each user's own responsibility. New information or amendments may be made to this SDS.

For the abovementioned reasons and others, the Company listed in Section 16.2 of this SDS and its affiliates do not assume responsibility and expressly disclaim any liability for loss, damage and/or expense arising out of or in any way connected with the handling, storage, contact, use and/or disposal of this product.
